

ProDOS 8

#7: Starting and Quitting Interpreter Conventions

Revised by: Matt Deatherage

November 1988

Revised by: Pete McDonald

December 1985

This Technical Note formerly described conventions for a ProDOS application to start and quit.

Section 5.1.5 of the *ProDOS 8 Technical Reference Manual* now documents the conventions a ProDOS application should follow when starting and quitting, which were formerly covered in this Note as well as ProDOS 8 Technical Note #14, Selector and Dispatcher Conventions.
