

Apple IIGS

#56: Managing Dynamic Segments

Revised by: Matt Deatherage
Written by: Eric Soldan

November 1990
July 1989

This Technical Note discusses application difficulties when transferring control to dynamic segments during low-memory conditions.

Changes since July 1989: The information formerly covered in this Note is now discussed in greater detail in Apple IIGS Technical Note #22, Proper Use of Dynamic Segments.

This Note formerly warned of the dangers of using dynamic segments—if memory is not available for the dynamic segment, the system crashes. Apple IIGS Technical Note #22, Proper Use of Dynamic Segments, covers this problem and strategies for working around it.
